

Statement on Divestment Statute Lists

August 29, 2018

During the 85th Regular Session of the Texas Legislature, legislation passed which dictated that public entities could not invest in or contract with companies that engage or do business with certain companies that boycott Israel, or have ties to Sudan, Iran, or other designated Foreign Terrorist Organizations.

Neither TexPool or TexPool Prime invests in or does business with any of the companies listed in these divestment statute lists. A complete listing of those companies is provided on the Texas Comptroller's website at the following link:

<https://comptroller.texas.gov/purchasing/publications/divestment.php>

Should you have any additional questions, please contact your TexPool representative.

Sincerely,

Your Federated TexPool Team
